Re: BellSouth Telecommunications, Inc.'s Entry into Long Distance (InterLATA)
Service in Tennessee Pursuant to Section 271 of the Telecommunications Act of
1996, Docket No. 97-00309

Dear Chairman Kyle:

MCI wishes to bring to the attention of the Tennessee Regulatory Authority certain discrepancies in BellSouth Telecommunications, Inc.'s ("BellSouth") monthly wireline CLEC activity reports. In its reports, BellSouth lists under the moniker of "MCI Metro" the Tennessee access lines attributable to MCI's certificated carriers. BellSouth describes MCI Metro as including "Worldmedia." "Worldmedia" is not a carrier affiliated with MCI, and may be simply a misnomer. As of May 1, 2003 BellSouth, however, reports MCI Metro as having 2,319 facility-based (i.e., no UNEs) residential access lines. MCI has no residential access lines that do not employ UNEs. BellSouth also reports that MCI Metro has 55,341 facility-based (i.e., no UNEs) business access lines, while the number of such lines that MCI has in reality is much lower.

If you have any questions, please call Kennard Woods, Senior Attorney for MCI, at (800) 283-6133. Thank you for your consideration in this matter.

Very truly yours,

BOULT, CUMMINGS, CONNERS & BERRY, PLC

Jon E. Hastings

cc: Kennard B. Woods
